

Water In the Well

written by Gordon Chambers/October 12th Music/ASCAP

Verse 1:

A long warm day, and a winding road
A crying child, many tired souls
My bodies weak, from the sun
But from the heart, hope has come

Chorus:

And the mother will live to tell
The Sons and Daughters of Emanuel
No weary walking, no more dry space
Cause tonight there's water in the well

Verse 2:

A wife will smile, and rest in peace
Her husband will pray. as he blesses the feast
A child gets feed for more strength to play
See God is good He always finds a way

Chorus:

Bridge

See Blessings come unexpectedly
When hearts hold on beyond what eyes can see
A cross a post became to be a miracle in a community

Chorus:

Let it flow, let it flow, rivers of living water
Let it flow, let it flow, it will quench you thirsting soul
(Repeat 4x's)

Chorus:

And the mother will live to tell
The Sons and Daughters of Emanuel
No weary walking, no more dry space
Because of God there's water in the well
